DESCRIPTION

The ONLY book on the Lamborghini Miura to be published in the past twenty six years – and enthusiasts agree it is long overdue. Written by a world-renowned authority on the subject, featuring, among other things, a never-before-published factory chassis production register, technical illustrations, studio-supplied images and exclusive interviews with the designers of the car: this is essential reading for any Lamborghini fan.

THE AUTHOR

Joe has been a Lamborghini and Ferrari owner and enthusiast for over twenty years, and regularly writes at club and magazine level. He organised the first-ever Miura Reunion in California in 2000, and also facilitated the sale of the first million dollar Lamborghini, the Miura Roadster, in 2006. As an archivist and historian, Joe has become closely involved with the International Lamborghini Registry, and often shares his considerable experience with others looking to locate and restore that special car. Joe lives in California with his wife, Margaret, their three children, and a few old classics.
