

I hear you ask, "Why walk so far,  
when they could simply go by car?"

“Lush and yummy  
grass to graze?  
We haven’t had a  
meal for days!”

(In their minds  
they visualise  
a burger,  
shake and  
regular  
fries)

After wandering for weeks,  
finally, the leader speaks  
“Well, look ahead! Whaddya know!”

But then they spot the  
sneaky smiles  
of underwater crocodiles,  
who lie in wait to gorge and  
feast  
on river-crossing wildebeest!

... the stocking-footed hero calf  
(and maybe get an autograph)
